The well known piano agent, A. Nordman, solicits orders. Tuning or repairing pianos and guarantees first-class work. Also sells high-grade pianos. Leave orders at Miller Hotel.

When the message regarding accommodations and repairs at Fort Brown was sent to Messrs. Bailey and Kleberg the other day, a telegram was also sent in the interest of the same matter by Capt. John J. Smith, custodian of the National cemetery, to Adjutant General Corbin, assuring him that Fort Brown has ample accommodations for four companies of infantry.

Matamoros Blasts.

TO THE HERALD.

Colonel Palmer M. Griffith left this morning for a short hunting trip in the Tippihil Mountains near Morillo station on the National R. R. where a great number of fierce grizzlies, lions and deer are to be found. Two Indian guides of the Pinolillo tribe will meet him at Morillo and escort him to these famous hunting grounds. The Colonel is an old sportsman and a crack shot and no doubt on his return will have something to add to his already large stock of interesting stories of adventure while hunting big game in the West.

A force of carpenters and masons are at work repairing the old church on Allende Plaza known as "La Capilla" which was almost in ruins. Through the efforts of several Catholic ladies, sufficient money has been subscribed for the complete restoration of this famous old chapel.

It is rumored that a Catholic school will soon be opened in this city under the auspices of the Sisters of the Incarnate Word of Brownsville.

Oil talk is beginning to revive and prospects are fair for the early formation of a company to begin boring for oil in this vicinity. Mr. A. C. Hall an oil expert from Beaumont is here looking over the situation.

Capt. Luis M. Huiebi, Paymaster of the Third Cavalry, accompanied by his wife arrived from Mexico yesterday afternoon after spending a very pleasant month in the Capital city sight seeing.

Arrived in Matamoros on Thursday's M. & M. train, Hon. Crispin Jimenez, General Revenue Inspector of Customs on the frontier, accompanied from Reynosa, by Sr. D. Rodriguez. Both gentlemen are guests of Messrs. L. Muñoz,

SCHOONER IN DISTRESS.

Goes Aground Trying to Cross Bar—Crew Taken Off Last Evening.

The schooner Caroline, which was reported off the bar at Brazos Santiago yesterday morning, tried to come inside the pass and struck on the bar about 12:50 o'clock yesterday afternoon. She stuck there all the afternoon and as evening approached, her situation was so dangerous, the crew were taken off by the life-saving boat. The Caroline was still fast on the bar this morning, but at two minutes past twelve the tide lifted her and carried her inside of the first breakers, and she is now afloat about half way between the Yturria place and the life-saving station, not far from the beach. She is reported full of water, but the lumber in her keeps her afloat, it is said. There does not seem much chance of saving her under present weather conditions.

The Caroline is from Lake Charles, La. She sailed with 50,000 feet of lumber consigned to F. Yturria. She has lost most of her deck-load. No one was aboard of her today. She was coming inside unpiloted.

PURELY PERSONAL.

J. I. Klieber left this morning for a business trip to Hidalgo.

W. S. Dougherty and wife left by today's Matamoros train for their home in Hidalgo county, after a brief visit to relatives here.

William P. Miller of Perry, La., who has been here some time, looking at the country and investigating the rice situation, left by this morning's Matamoros train.

There Are Others.

In a lengthy card Col. T. M. Campbell withdraws from the field, which virtually means the nomination of Congressman Lauham. Both are splendid gentlemen, though we question whether Lauham's old age and his want of practical knowledge of Texas affairs make him the best material for governor. He is a very able and fair man, however.

Why should this limit the choice of the party to one man? There are other able democrats who would fill the office satisfactorily. There is Judge James B. Wells of Brownsville, for instance, who is one of the ablest and brainiest leaders the party ever had in the state. It is time the state had an infusion of new blood in the management of its affairs, and, moreover, Southwest Texas should have the privilege for once of naming the governor. Here then we have the occasion and the man well-fitted.

It Looks That Way.

The San Antonio Express of last Monday says:

"It begins to look as if Brownsville really has a good prospect of railroad connection with the outside world, but not with San Antonio as a terminus. It has been hoped that Brownsville's first railroad would start from San Antonio."

MORRO DESERTERS.

Tucker Goes to Guanajay for Two Missing Ones.

Made Their Escape More Than a Month Ago, and Every One Supposed They Had Left.

[The following article, headed as above, was clipped from a Havana, Cuba, paper and handed to the Progreso correspondent of THE HERALD, who sends it to the paper. Ralph Tucker, the detective sergeant referred to, was here recently on a visit.]

Detective Sergeant Tucker, who has just returned from a two months visit to Mexico and the United States left for Guanajay yesterday morning.

This is the first work the sergeant has had assigned him since his return, and if he accomplishes his purpose he will have accomplished a piece of detective work that has puzzled the entire department for more than a month.

Some time since four general United States prisoners escaped from Morro Castle, and for some time they appeared to have made their escape, but since that time two of them have been captured.

Immediately upon the return of Tucker, he learned of this prison delivery, and from the prompt action he has taken, it did not take him long to locate the men, and his mission to Guanajay, so we are reliably informed, is to take in these two jailbirds and put them to roost in their old quarters.

Death of Mrs. Zamora.

TO THE HERALD.

Progreso, Texas, Jan. 29.—Mrs. Numa Zamora, wife of Don Jose Zamora of the San Jose ranch, died at the residence of her father, Mr. A. N. Smith at the Relampago ranch, after a long illness, at three o'clock yesterday afternoon, aged 26 years, four months and 22 days.

The deceased was a native of Rockport and came to this county from there when quite young, with her parents. For a number of years she has been one of our county teachers, holding the position as such at the San Jose ranch in this district at the time of her death. She was generally beloved and respected by all her acquaintances and her death will leave quite a vacancy in the community.

Besides her husband and two little children, she leaves her father, mother, three sisters and three brothers to mourn her loss. One of the sisters is Mrs. Andrew Champion of La Leona ranch. The sympathy of the entire community is with the family in this hour of sorrow and mourning.

The funeral took place at four o'clock this evening at the Relampago, the remains being followed to their last resting place by a large number of friends from various parts of this and Cameron county.

Gone Back to Victoria.

The Corpus Christi Eagle reports that Col. A. Ross McInnes and party of railroad men, accompanied by Lon C. Hill of Beeville, arrived in Corpus Christi Sunday from Alice, spent the night there, and on Monday morning left for Victoria, without conferring with the citizens of Corpus. This "pop call" and second visit to Victoria is a puzzler, and the only explanation the Eagle has is a note from Col. McInnes to Capt. C. C. Heath, chairman of the Corpus Christi committee, which is as follows:

Corpus Christi, 1. 27, 1902.
Capt. C. C. Heath, City:
I am going to Victoria today. I will let you hear from us there.
A. R. McInnes.

Mexican Mustang Liniment
cures Lameness, Soreness, Stiffness and Spavin in horses.

The quickest way,
The cheapest way,
and
The surest way
to cure

Fire Burns,

FAMILY OF OFFICE-HOLDERS.

One Democratic Senator Has Eleven Relatives On Uncle Sam's Pay Roll.

New Orleans City Item.

United States Senator Samuel Douglas McEnery, the war horse of the untainted Democracy, finds his name frequently on the pay roll at the Custom House and those of his kin at the mint. Charles McEnery, the Senator's son, draws \$2500 a year as Assistant Postmaster. Young McEnery displaced a life long Republican, E. S. Stoddard. Nephew Harry McEnery is paid \$1200 as stamp clerk, and another nephew, William, serves under the negro surveyor general, Jim Lewis, but finds solace in a wage of \$1400 a year. Still another nephew, James McEnery, a special Treasury Agent, gets \$3000 a year, and Nephew Paul Coe, a mint tinsmith, is paid \$1000, while Eddie Coe, a Postoffice Inspector, is paid \$4000 per annum. Eddie Coe, is another "nevy" of the Senator. The Coe family still bobs up. Miss Emma Coe, who is said to be a sister-in-law of the Senator, is a clerk at the mint and is paid \$1000 a year for presiding over the red sealing wax department, where the bags of coin are made ready for shipment. The duties

are not exacting, still Miss Coe has a male assistant. A cousin of the Senator named Skipwith pulls down \$1400 per year as a clerk. One D. Sholars, Chief Assistant Appraiser, is described as being kin to Senator McEnery and if this is so the total of wages paid by Uncle Sam to Uncle Sam McEnery's connections will aggregate over \$14,000 each year.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

THAT HORRIBLE FEELING OF DANGER

which comes to you when you suddenly awake in the night is seldom caused by a burglar standing over your bed, but it is a symptom of disease which now woman should neglect. It means that some part of her delicate organism is undertuned or diseased. No wise woman ever neglects this symptom for a day.

G. F. P. GERSTLE'S FEMALE PANACEA.

soon removes the cause of the trouble because it acts directly upon the affected organs, putting them in a state of perfect health.

HAD SUFFERED FOR SIX YEARS.

This is to certify that one of my customers suffered from diseases peculiar to her sex for six years, trying many physicians and everything she could find that was recommended for diseases of that kind, but to no effect. Finally she was induced to try G. F. P. (Gerstle's Female Panacea), and after taking two bottles she was strong enough to walk ten miles. She had been unable to do anything for months before taking this medicine.
